

The GUSHLI Advantage

1 Natural Look and Feel:

High-quality tape in extensions made from human hair provides a natural look and feel, making them easy to style and blend. Perfect for an effortless and flawless finish!

2 Longevity:

Premium tape-in extensions are durable and can last several weeks or months with proper care. Gushli promotes using medical-grade tape; it emphasizes the adhesive's hypoallergenic and gentle properties for a secure and comfortable application. This adhesive is safe for skin and hair use and designed to minimize the risk of irritation or allergic reactions.

3 Versatility:

The tape system allows for versatile placement of the extensions, enabling you to add volume, highlights, or length where you desire.

4 Ombre Color:

Gradient Effect: Ombre tape-in extensions feature a gradient effect, where the color transitions from a darker shade at the roots to a lighter one towards the ends. This creates a stylish and trendy look without chemical treatments on your natural hair.
